

SOLAR CELL & MODULE MANUFACTURERS IN INDIA

The Ministry is in the process of updating the list of solar cell and module manufacturers in the country. The interested companies which have set up domestic PV cell and module manufacturing facilities are requested to furnish the information about their company in the MNRE format by 31st January, 2009. The list would be updated thereafter.

(Inclusion in this list does not imply any approval or recommendation of any company or its products by the Ministry of New and Renewable Energy)

Solar PV System Manufacturers

The Ministry does not have any procedure to register any company or approval is accorded to any company to participate in the SPV programmes of the Ministry.

All companies, which have got their products tested and qualified by any of the three authorized test centers and have submitted information to the test center about the company along with a copy to the Ministry in the MNRE format will be eligible to participate in the SPV programmes of the Ministry. They are required to submit a copy of the report issued by the authorized test center as a proof, to the state nodal agencies.

At present no list of SPV system manufacturers is being posted on the website of the Ministry.
