

 'MULTIPLE CHOICE QUESTIONS ON RENEWABLE ENERGY'

Shri Vilas Muttemwar, Hon'ble Minister for New and Renewable Energy, said that there is lack of knowledge and information about Renewable energy and its various sources. Releasing a book titled 'Multiple Choice Questions on Renewable Energy' today, he said that this publication is coming at a very appropriate time when a number of programmes have been taken by the Ministry to create awareness about renewable energy. Congratulating its Author, Dr. Arun K.Tripathi, the Minister said that this is a remarkable work. The Ministry has started Quiz Programmes for School Children all over India on visual channels.

Shri V. Subramanian, Secretary, MNRE, said we had to frame Questions and Answers and give them for Quiz Programmes. At the same time we received a number of questions from School Children. Shri Subramanian added that this was the point, when we felt a need of knowledge bank on this subject. Courses in Engineering Colleges will also have detailed subjects on Renewable Energy and its uses.

This book contains over 1500 multiple choice questions covering various sectors of Renewable Energy, including solar, wind, biomass, biogas, biofuels, hydro, energy from wastes, hydrogen, geothermal, ocean, tidal and waves. This book has three levels of questions, ranging from school to graduate levels. A comprehensive overview of renewable energy development in India has also been presented. This book is useful for the academicians, students pursuing engineering or agriculture related courses, aspirants of various competitive exams, professionals and the stakeholders in the Renewable Energy sector. It can also be used for quiz Programmes organized in schools, universities, engineering institutions and on Television.

This book has been written by Dr. Arun K Tripathi, Director Ministry of New and Renewable Energy and has been published by TERI Press, New Delhi.
