

GENERATION OF VARIOUS RENEWABLE ENERGY TOUCHES 11449 MW

RAJYA SABHA

A grid interactive power generation installed capacity of 11449 MW has been set up in the country till and of last March. This is based on various renewable energy sources. This comprises of 7939 MW wind power, 2062 MW small hydropower, 1446 MW bio power and 2 MW solar power. Besides this large number off grid/decentralized renewable energy systems/devices are making a significant contribution to conservation of conventional energy.

A capacity addition of 15000 MW from renewable energy sources has been proposed during the 11th Plan period.

This information was given in a written reply to a question in the Rajya Sabha today by the Minister of State for New and Renewable Energy, Shri Vilas Muttemwar.
